Work Experience

- **2010 - Present - Freelance Graphic Designer**
My main experience is in marketing design which includes: Web and applications design, promotional videos, product videos, Branding & identity, logos and design of print elements.

Gett has been my primary customer for more than three years. My work with them provided me the opportunity to touch on a wide range of design aspects: presentations, motion graphics, print products, brand identity, user interfaces, web design and social media.

Gett, previously known as GetTaxi, is a global on-demand mobility company that connects customers with transportation, goods and services
- **2016 - 2017 - The Works Design Communications Ltd.**
